

DEBUNKING THE “ILLEGAL OCCUPATION’ CANARD

Jewish presence in Israel began approximately 1300 BCE.
Uninterrupted Jewish presence in Israel for 3700 years.
First Temple built approximately 1000 BCE.

Arabs arrived from Arabia approximately 600 CE,
approximately 1900 years AFTER the Jewish presence
commenced. Al Aqsa Mosque built approximately 700 CE,
1700 years AFTER First Temple was built.

Jews are Israel’s indigenous people. Jews are from Judea.
Arabs are from Arabia. Arab Palestinians claims to be
descendants of long gone people indigenous to the land,
such as Jebusites or Canaanites, are false because Arabs
are from Arabia arriving in Israel long after Israel became the
Jewish homeland. The Romans changed the name of the
land from Judea to Palaestina to deny Jewish history.

The 1920 League of Nations San Remo Agreement, the
1922 League of Nations Mandate for Palestine, the 1945
Article 80 of the UN Charter, all acknowledge that the land
from the Jordan River to the Mediterranean Sea is the
historic Jewish homeland. The League of Nations was the
predecessor entity to the United Nations. The 1947 UN
Resolution 181 was a nonbinding recommendation to
partition Israel, rejected by the Arabs with Arab threats of
violence, rendering it entirely moot in law.

There has never been an independent Arab state on any
part of Israel’s land mass. From 1948 – 1967 Jordan illegally
occupied “West Bank” and “East” Jerusalem, ethnically
cleansing the Jews out while maintaining its capital in
Amman, Jordan. There was no separate Arab-Palestinian
State.
