DEBUNKING THE “ISRAEL COMMITS “GENOCIDE” AGAINSTS THE PALESTINIAN ARABS” BLOOD LIBEL

**Palestinian Arab population has increased
590.7% since 1948 and 260% since 1970**

The narrative Israel commits “genocide against the Palestinians”, “Israel exterminates the Palestinians”, “Israel commits mass murder of the Palestinians”, Israel “ethnically cleanses the Palestinians”, and “Israel is a Nazi state” (implying Israeli extermination of Palestinian Arabs), Israel supporters/Zionists are “genocide-sympathetic”, are all blood libels.

By omission and/or commission: Lying about Israel is lying about Jews. That’s anti-Semitism. That’s the false and malicious “genocide” blood libel.
